This is to certify that the above product has been tested by ITSO for against ITSO TS 1000-0 Specification Version: 2.1

Final Test Report, Ref: CJS/CER\_001/01 Date: 30 November 2004

This product supports the function: POST (Sub Assembly) and communicates within an ITSO environment as listed in Schedule A of this Notice.

This product may only be used as part of a Certified POST within the conditions and constraints listed in Schedule B.

Signed for and on behalf of ITSO : 

Title: COMPLIANCE MANAGER

Dated : 11 June 2007

Approval Valid until : 18 August 2012

...simple, easy, quick, hassle free.

## **Schedule A**

List of all Customer Media, IPE's and functions that were included in the testing procedure.

Customer Media – CMD1

IPE's – Types 2 - 26

The ECSM is interfaced via a command interface ECSMLink. This allows viewing the commands to and from the ECSM. The input for creating and modifying files is done via the IPE data described in hexadecimal characters being passed to the ECSM in a Create/Modify or Delete IPE command. The ECSM contains an ISAM slot for locking the ISAM in place.

...simple, easy, quick, hassle free.

## **Schedule B**

List of the conditions and/or constraints applied by ITSO.

The selected tests are based on the Supplier's own list of passed tests as submitted to Integri together with the software. The supplier states that the current version is limited to supporting the functionality covered by these tests.

The functionality is limited to IPE's – Types 2 – 26 within Customer Media – CMD1.
