Product/Service Name: VIX GADEPT POST Sub-Assembly

Product Version No.: 214.12

ITSO Specification: ITSO TS 1000 Specification version 2.1.5 - Partial Phase 2 (PT)

Dear Craig,

ITSO received a request submitted by VIX Technology UK Limited, for the certification of the VIX GADEPT POST Sub-Assembly (version 214.12). ITSO has found reasonable evidence that the submitted product/service complies to **ITSO TS 1000 Specification version 2.1.5 - Partial Phase 2 (PT)**, as indicated in the certification test report:

Test Report:
POST-1726562275 - VIX GADEPT POST Sub-Assembly Certification

Your product/service will be included in the certified products list, published on ITSO website.

Please note that the present certification is subject to the following general terms and conditions along with conditions/constraints as detailed in Schedule B:

- i. The present certification is granted on the basis of the ITSO Certification and Compliance Policy, with its validity specified on the certificate page. For a product or service that utilises a valid ITSO certified sub-assembly, the certificate's validity will correspond to the sub-assembly's expiry date.
- ii. If the product is changed, VIX Technology UK Limited must notify ITSO of this fact in writing by supplying the release notes. Any change in the product that may generate a different behaviour with respect to the ITSO TS 1000 Specification version 2.1.5 standards may be considered a major modification subject to a new evaluation in order to maintain the present certification.
- iii. The present certification granted to VIX Technology UK Limited for the above referenced product is non-transferable to any other vendor.
- iv. When requested by an ITSO Licenced Operator, the ITSO Registered Supplier must supply a copy of the test report.
